**Meter Position** - Please provide a simple diagram for the preferred meter position. While every effort will be made to relocate the meter in the applicant's preferred position, Veolia reserves the right to reposition the meter at its sole discretion (e.g. on formed access ways, ducting has typically been installed which fixes the position of the meter). Where this is required we will endeavour to contact you prior to relocation of the water meter. Note that the meter may not be installed if building material or debris cover the intended meter position. Additional Charges may apply depending on the nature of the site, ie hard surfaces, specialised paving, road crossings or extending the water main.

**AN INVOICE WILL BE ISSUED ON RECEIPT OF THE COMPLETED APPLICATION AND MUST BE PAID BEFORE THE RELOCATION WILL BE SCHEDULED**

**Please ensure a marker peg marking the preferred meter position shown in the diagram is also installed on site**

**Additional information - Privacy Act.** Veolia collects and holds on file, for the purposes of provision of water and wastewater services, the provided applicant information. You have a right of access to your information held by Veolia. You may request correction of the information (in writing) and require that the request be stored with that information. Personal information held by Veolia will not be shared with any external party except where Veolia is legally obliged to do so, or where doing so is a legal and legitimate business activity.
