

10 March 2023

Dear Tarago Village Resident,

**Woodlawn Operations - Overnight parking of Train at Crisps Creek Intermodal from 11 March 2023 to 13 March 2023**

Veolia wishes to notify the Tarago community that a train will be parked at the Crisps Creek Intermodal (the Terminal) over the course of this weekend due to a rail track closure on Sunday night. In compliance with our Licence conditions, the containers on the train will be empty.

In order to protect the amenity of the Tarago community, Veolia will ensure that strict rules are followed including the following steps during this period:

- i. All containers will be tipped and washed down at the Woodlawn Bioreactor prior to being transported back to the Terminal for reloading onto the train between the hours of 7:00am and 12:00pm on 11 March 2023;
- ii. Adherence to the Pacific National Rail Transport Code of Conduct whilst entering the terminal on 11 March 2023 and departing the terminal on 13 March 2023;
- iii. Safety checks will be performed on the locomotive by trained and competent Pacific National staff prior to departure to ensure the integrity of the train and ensure that loads are secure;
- iv. The northbound train will depart the Terminal at 11:00am on 13 March 2023; and
- v. Any incidents will be reported as soon as reasonably practicable in accordance with the Veolia's and/or Pacific National Incident Reporting and Management Standards.

For any emergencies during this time, Pacific National operations can be contacted on 02 9893 2801, and Veolia operations on 02 8588 1360 however please contact Veolia in the first instance.

I trust that the community understands that these events are wholly outside of our control and Veolia is acting to minimise any risk to the public and the environment.

Should the EPA have further queries related to this matter, please contact Kelly Gee (Environmental Manager NSW / ACT) on 0429 808 696 or [kelly.gee@veolia.com](mailto:kelly.gee@veolia.com).

Regards,

.....  
Justin Houghton
