First Resolution - Approval of the amendments to the HYB-2 Notes Conditions

The Meeting, deliberating pursuant to Article L.228-65 I of the French *Code de commerce* and after having reviewed:

- the report of the Board of Directors of the Issuer dated 31 August 2022,
- the Consent Solicitation Memorandum dated 31 August 2022,
- the prospectus dated 10 September 2019 (the “**Prospectus**”) setting out the conditions relating to the HYB-2 Notes (the “**HYB-2 Notes Conditions**”),

approves the following amendments to the HYB-2 Notes Conditions, so that:

- A Second Step-up Date shall be added, the Margin from the Second Call Date to the Second Step-up Date shall be reduced and the Reuters screen in the definition of the 5-year Swap Rate shall also be amended to replace a discontinued screen with the current market standard screen in Condition 4.1 (*General*) of the HYB-2 Notes Conditions as follows (the blue underlined text being added):

“4.1 General

The Notes shall bear interest on their principal amount (such rate of interest, the **Interest Rate**):

- from (and including) 12 September 2019 (the **Issue Date**) to (but excluding) the First Call Date, at a fixed rate of 1.625 per cent. *per annum*; and
- from (and including) the First Call Date to (but excluding) the date of redemption of the Notes, at a fixed rate *per annum* which shall be equal to the relevant Reference Rate plus the relevant Margin for each Interest Rate Period, it being specified that if the Interest Rate (including any relevant Margin, as applicable) is less than zero (0), it shall be deemed to be equal to zero (0).

Each Interest Amount shall be payable annually in arrear on 12 September of each year, commencing on 12 September 2020 (each an **Interest Payment Date**), provided, however, that if any Interest Payment Date would otherwise fall on a date which is not a Business Day, the relevant payment will be postponed to the next Business Day and no interest shall accrue nor be payable as a result of such postponement.

The Notes will cease to bear interest from and including the due date for redemption unless payment of the principal in respect of the Notes is improperly withheld or refused on such date or unless default is otherwise made in respect of the payment. In such event, the Notes will continue to bear interest at the relevant rate as specified in this Condition 4 on their remaining unpaid amount until the day on which all sums due in respect of the Notes up to that day are received by or on behalf of the relevant Noteholders.

For the purpose hereof:

5-year Swap Rate means the mid-swap rate for a term of 5 years as displayed on Reuters screen "ICESWAP2/EURSFIXA" as at 11:00 a.m. (Central European time) or, if such rate is not displayed on such screen as at the relevant time, the mid-swap rate as displayed on a successor page (in each case, the Screen Page). In the event that the 5-year Swap Rate does not appear on the Screen Page on the relevant Determination Date, the 5-year Swap Rate will be the Reference Bank Rate on such Determination Date.

5-year Swap Rate Quotations means the arithmetic mean of the bid and offered rates for the annual fixed leg (calculated on a 30/360 day count basis) of a fixed-for-floating Euro interest rate swap transaction which transaction (i) has a term of 5 years commencing on the first day of the relevant Interest Period, (ii) is in an amount that is representative of a single transaction in the relevant market at the relevant time with an acknowledged dealer of good credit in the swap market, and (iii) has a floating leg based on the 6-month EURIBOR rate (calculated on an Actual/360 day count basis).

Business Day means any day (other than a Saturday or a Sunday) which is a TARGET 2 Settlement Day.

First Call Date means the Interest Payment Date falling on 12 September 2026.

Interest Period means the period beginning on (and including) the Issue Date and ending on (but excluding) the first Interest Payment Date and each successive period beginning on (and including) an Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date.

Interest Rate Period means each period beginning on (and including) a Reset Date and ending on (but excluding) the next succeeding Reset Date.

Margin means (i) in relation to the Interest Rate applicable to the Interest Periods from, and including, the First Call Date to, but excluding, the Second Call Date, 2.151 per cent. *per annum*, (ii) in relation to the Interest Rate applicable to the Interest Periods from, and including, the Second Call Date to, but excluding, the Second Step-up Date, 2.401 per cent. per annum, (iii) in relation to the Interest Rate applicable to the Interest Periods from, and including, the Second Step-up Date, 3.151 per cent. per annum.

Reference Bank Rate means the percentage rate determined on the basis of the 5-year Swap Rate Quotations provided by five leading swap dealers in the interbank market (the Reference Banks) to the Calculation Agent at approximately 11:00 a.m. (Central European time), on the Determination Date. If at least three quotations are provided, the 5-year Swap Rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or, in the event of equality,

one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest). If the Reference Bank Rate is unavailable or the Calculation Agent determines that no Reference Bank is providing offered quotations, the applicable Reference Bank Rate for the relevant Interest Rate Period shall be the last 5-year Swap Rate available on the Screen Page as determined by the Calculation Agent.

Reference Rate means the 5-year Swap Rate determined on the day falling two (2) Business Days prior to the first day of the relevant Interest Rate Period (each a **Determination Date**).

Reset Date means the First Call Date, the Second Call Date and each 5th anniversary thereof.

Second Call Date means the Interest Payment Date falling on 12 September 2031.

Second Step-up Date means the Interest Payment Date falling on 12 September 2046.

TARGET 2 Settlement Day means any day on which the TARGET 2 System is operating.

TARGET 2 System means the Trans-European Automated Real-Time Gross Settlement Express Transfer System or any successor thereto.

Promptly after the determination of the Reference Rate, the Calculation Agent shall determine the Interest Rate for each Note and calculate the relevant Interest Amount.

The Calculation Agent will cause the Interest Rate and the relevant Interest Amount payable per Note to be notified to the Issuer, the Fiscal Agent and Principal Paying Agent and, if required by the rules of the regulated market of Euronext in Paris (**Euronext Paris**) or any other stock exchange on which the Notes are admitted to trading from time to time, to such stock exchange, and to the Noteholders in accordance with Condition 10 without undue delay, but, in any case, not later than on the fourth Business Day after its determination.”

- The Rating Downgrade definition in Condition 5.5 (*Redemption following a Rating Methodology Event*) of the HYB-2 Notes Conditions shall be deleted as follows (the blue underlined text being added and the ~~red-strikethrough~~ text being deleted):

“5.5 Redemption following a Rating Methodology Event

If a Rating Methodology Event shall occur after the Issue Date, the Issuer may, at its option, redeem all of the Notes (but not some only) at any time, subject to the Issuer having given the Noteholders not less than fifteen (15), or more than sixty (60), Business Days’ prior notice (which notice shall be irrevocable) in accordance with Condition 10, at (i) the Early Redemption Price (as defined below) where such redemption occurs before the First Call Date, or (ii) their principal amount together with any accrued interest and any Arrears of Interest (including any Additional Interest Amounts thereon) where such redemption occurs on or after the First Call Date; provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the last day before the date on which the Notes will (or would) no longer be eligible for the same or higher category of equity credit.

For the purpose hereof:

~~A Rating Downgrade shall be deemed to have occurred if the rating previously assigned to the Issuer by any Rating Agency is changed from an investment grade rating (Baa3, BBB-, or better) to a non-investment grade rating (Ba1, BB+, or worse).~~

Rating Methodology Event means that the Issuer certifies in a notice to the Noteholders that due to ~~(i)~~ an amendment, clarification or change which has occurred in the equity credit criteria

of any Rating Agency (as defined in Condition 5.6 below) from whom the Issuer is assigned sponsored ratings ~~or (ii) a Rating Downgrade~~, the Notes will no longer be eligible (or if the Notes have been partially or fully re-financed since the Issue Date and are no longer eligible for equity credit in part or in full as a result, the Notes would no longer have been eligible as a result of such amendment, clarification, change in criteria or change in the interpretation had they not been re-financed), in whole or in part, for the same or higher equity credit assigned by the relevant Rating Agency on the Issue Date, or if equity credit is not assigned on the Issue Date, at the date when the equity credit is assigned for the first time.”

- An intention-based replacement capital language (not part of the HYB-2 Notes Conditions) shall be added immediately following the HYB-2 Notes Conditions as follows:

“The following paragraph in italics does not form part of the Conditions

Considerations regarding redemption and repurchase of the Notes:

The Issuer intends (without thereby assuming a legal obligation) at any time that it will (a) redeem or (b) repurchase the Notes only to the extent the aggregate principal amount of the Notes to be redeemed or repurchased does not exceed the net proceeds received by the Issuer or any Subsidiary of the Issuer prior to or on the date of such redemption or repurchase from the sale or issuance by the Issuer or such Subsidiary to third party purchasers (other than group entities of the Issuer) of securities which are assigned by S&P Global Ratings Europe Limited (S&P) at the time of sale or issuance, an aggregate "equity credit" (or such similar nomenclature used by S&P from time to time) that is equal to or greater than the "equity credit" assigned to the Notes to be redeemed or repurchased at the time of their issuance, or if "equity credit" is not assigned at the time of their issuance, at the date when the "equity credit" is assigned for the first time (but taking into account any changes in hybrid capital methodology or another relevant methodology or the interpretation thereof since the issuance of the Notes), unless

- (i) the credit rating or the stand-alone credit profile assigned by S&P to the Issuer is at least the same as or higher than the credit rating or stand-alone credit profile assigned to the Issuer on the date when the most recent additional hybrid security was issued (excluding refinancings without net new issuance) and the Issuer is of the view that such rating would not fall below this level as a result of such redemption or repurchase, or*
- (ii) in the case of a repurchase or a redemption, taken together with other relevant repurchases or redemptions of hybrid securities of the Issuer, such repurchase or redemption is less than (x) 10 per cent. of the aggregate principal amount of the Issuer's outstanding hybrid securities in any period of 12 consecutive months or (y) 25 per cent. of the aggregate principal amount of the Issuer's outstanding hybrid securities in any period of ten consecutive years, provided that such repurchase or redemption has no materially negative effect on the Issuer's credit profile, or*
- (iii) if the Notes are not assigned an "equity credit" (or such similar nomenclature then used by S&P at the time of such redemption or repurchase), or*
- (iv) the Notes are redeemed pursuant to a Rating Methodology Event, Change of Control Call Event, Accounting Event, Withholding Tax Event, Gross-up Event or a Tax Deductibility Event, or*
- (v) in the case of any repurchase or redemption, such repurchase or redemption relates to an aggregate principal amount of Notes which is less than or equal to the excess (if any) above the maximum aggregate principal amount of the Issuer's hybrid capital to which S&P then assigns equity content under its prevailing methodology, or*

(vi) *any such redemption or repurchase occurs on or after the Second Step-up Date.*

Terms used but not defined in the above paragraphs shall have the same meaning as that in the Conditions.”
